

Gigaset S650HE PRO

Optimized for everyday business

The S650HE PRO is optimized for everyday use in office environments. The handset fits perfectly to the N870/N720 DECT IP multicell and N670/N510 IP single cell systems from Gigaset. The first thing you recognize when you hold the S650HE PRO is the professional Gigaset DNA. The arrangement of the keypad with its highlighted 5-way navi key and also the volume keys on the side bring absolute convenience while selecting options, dialing numbers and setting up the volume during a call. With its high-quality polymer finish, the handset is scratch- and disinfectant resistant. The handset is loaded with Gigaset's business features enriched with vibrate and audio profiles. This adapts the phone to fit to your personal needs in specific situations. The Micro-USB port prepares the S650HE PRO for software updates to support future security functionality.

- PIN-protected keylock for optimum line security
- Charging via any micro-USB
- Scratch- and disinfectant resistance
- Convenient data exchange via Micro-USB
- Silent charger mode during parallel ringing

Scratch and disinfectant resistant

The handset is built from a high quality polymer. The handset surface is protected with a unique scratch resistant coating. This ensures the handset will be protected against scratches in daily use. The coating of the S650HE PRO handset also protects the device against popular disinfectant influences allowing you to clean the handset responsibly in healthcare environments.

HD Audio makes a call more pleasurable

In handsfree mode, the improved acoustics in Gigaset speaker technology boosts the audio into a higher level. The user experiences an improved sound clarity which brings a new dynamic HD sound quality to the conversation. The standard and your own uploaded ringtones sound even louder and clearer. Using Audio-profiles you adjust the volume level matching your personal business circumstances by pressing one single key.

Multicell with roaming and handover

All features from the Gigaset Professional portfolio are supported by the S650HE PRO handset. Moving in and around the office while calling with the S650HE PRO you will experience the convenience and comfort you have come to expect from Gigaset Professional. Stay talking, Gigaset Professional handsets make sure your connection never fails.
