

MIXVOIP

Partner relationship Ethical chart

Rules on how to behave in different scenarios for
both Mixvoip and its partners

A sustainable company is an ethical company

With this charter, we ensure that every business partner involved with Mixvoip conducts business with integrity and follows the same ethical guidelines.

At all times, it is everyone's responsibility to make the right decision based on their sense of judgement, responsibility and the following code of conduct.

Long-term and win-win relationships

Trust

Mixvoip's relationships with its partners are built on respect and trust.

Transparency

Mixvoip does not use the data collected by the partner to its benefit and ensures complete transparency with all the stakeholders for the non-compete obligation.

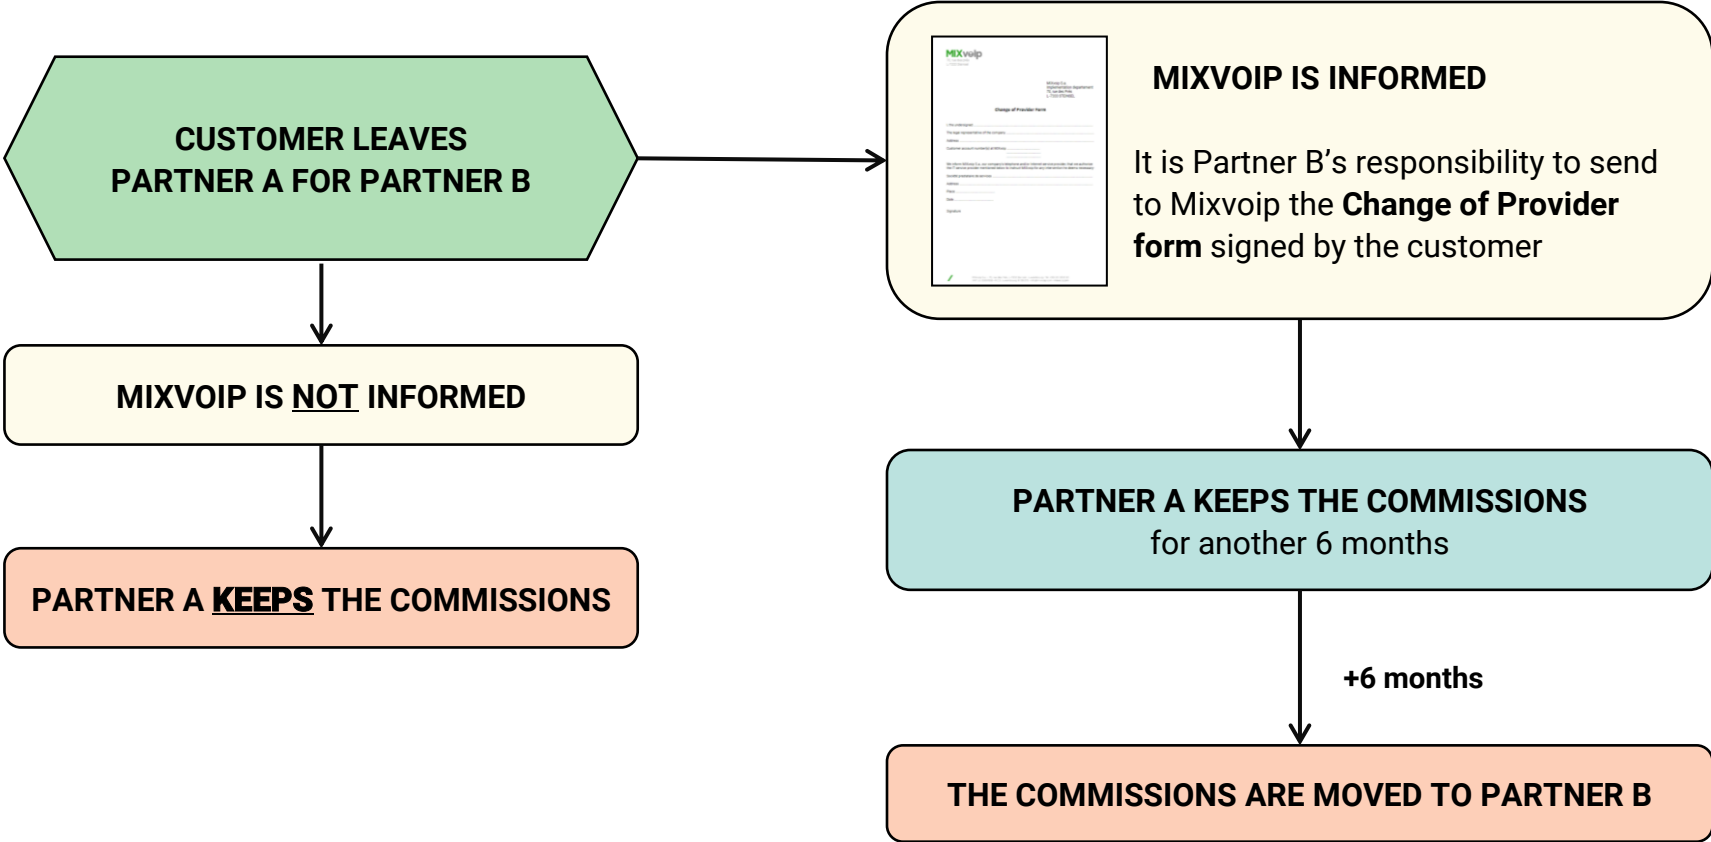

Fairness

Mixvoip is impartial towards all its partners and will never favour or discriminate any of them.
