

# CERTIFICATE

**Pascal Knebler**

has attended the seminar

**“Optical Fiber FTTX Blowing and Splicing - Theory and Practice”**

at RentalTec in Mechelen

on **25.10.2023**

and has successfully completed

## **Content:**

### **Fundamentals of Fiber Optic and Splicing Technology**

Introduction fiber optics and splicing technology

Splicing technology of deflection-optimised fibers

Carrying out practical exercises with Fujikura FSM90S+

and Sumitomo T72C+

### **Fundamentals of Fiber Optic Blowing Technology**

Principles of cable and ducting technology

Principles of blowing techniques

Carrying out practical exercises with a blowing machine

Jetting VOHD with logger

**Date: 25.10.2023**
